

### NEW DANA 70 & DANA 80 RING & PINION COVERAGE

### PART NUMBER INFORMATION

DATE: 5/23/2016

TO: All Dana Aftermarket Group Spicer® Light Axle Customers

Dana is pleased to announce the release of additional Spicer® Ring and Pinion coverage for Dana 70 and Dana 80 axle models. Previously these ratios were only available in a kit format that included gearing/seals/shims/hardware. For the first time these Genuine Spicer® gears will be available separately as a standalone gear set without the additional kit contents. Dana design, engineering, testing and manufacturing yield performance that non-genuine parts simply cannot replicate. Spicer® gearing delivers easy set-up, strength, durability and reduced NVH yielding a quieter ride.

Dana Part Number	Axle Model	Ratio	Industry Interchange
74375X	Dana 80	3.31	D80-331
73353X	Dana 80	3.54	D80-354
